

QUALITY CERTIFICATE

CLIENT:

DATE:

PRODUCT:

This document certifies that Exterior Soffit ½ Type X manufactured by Panel Rey[®] achieves or exceeds the ASTM-C1396 parameters, which are evaluated according to the ASTM C-473; therefore, the acceptance values for the previews characteristics are warrantied:

- Length Tolerance.
- Core Hardness.
- Edge Hardness.
- Tapered Edge Depth
- Flexural Strength (Parallel to fiber).
- Flexural Strength (Across to fiber)
- Nail Pull Resistance
- Nominal Thickness.
- End Squareness.
- Humidified Deflection.

The warranty for these products is limited to the performance of product quality and not to in external situations, such as structure failures or deficiencies attributable to the construction design; it occurs before, during and/ or after installation.

Panel Rey[®] S. A. always seeks to maintain the confidence of its clients by manufacturing and providing high quality products which meet or exceed ASTM standards and other international regulations.

Oscar Mendez Mena.

Quality Assurance.
